DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 6/17/2005 has been entered.

Reasons for Allowance

Claims 28-40 are allowed. The following is an examiner's statement of reasons for allowance:

Claims 28-32 were allowed in a previous Office Action for reasons detailed therein.

Claim 33 includes all of the limitations of former claim 6 (now canceled) including all of the limitations of former base claim 1 (now canceled) and intervening claim 4 (now canceled) with the exception of the limitation "and the cross section of the first retaining portion differs from those of other parts of the fixing pin" (former claim 1). The prior art does not disclose or suggest the limitations of claim 33 regardless of the whether or not the cross section of the first retaining portion differs from those of other parts of the fixing pin. Accordingly, claim 33 is allowed for reasons stated in a previous Office Action (9/9/2004) with regard to former claim 6 (now canceled).

Claims 34-40 ultimately depend from claim 33 and thus are similarly allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
